Company Overview

Founded in 2020 and based in London, United Kingdom, Fingdom is an independent firm offering accountancy and financial services, led by qualified accounting professionals. As an organisation, we combine technical expertise with a client-focused approach to assist businesses at every stage of their development.

Over the past few years, we have partnered with a diverse range of clients, from startups and owner-operated businesses to well-established firms and high-net-worth individuals. Our team helps clients meet statutory requirements while identifying opportunities for growth, efficiency, and strategic development.

Every business is unique, driven by the individuals behind it. Our clients share a common goal: to expand, innovate, and achieve lasting success. We offer a comprehensive range of services—including accounting, payroll, tax planning, VAT compliance, corporate finance, and secretarial assistance—to provide tailored solutions that meet specific goals. Whether you're starting a new venture, boosting financial performance, or planning for succession, we're here to support your success. We recognise that, for many entrepreneurs, their business reflects their passion and lifestyle. Our experienced advisors are your trusted partners, providing clarity and practical support for your financial and operational challenges. At Fingdom, we simplify financial management so you can focus on growing your business.

Best Practices

Fingdom is committed to providing exceptional service to our clients. The UK has one of the most sustainable financial industries in the world, which sets the foundation for robust advisory services. The success of a company is dependent on its financial expertise. While every business needs to manage its assets, liabilities, income, and cash flow, it is especially critical for small to mid-sized enterprises that operate on tighter margins as they grow. Our core values include:

- Helping clients comply with UK-based regulatory systems.
- Offering innovative and cutting-edge accountancy services.
- Providing superior customer service and affordable solutions.

Fingdom offers excellent service to clients in the UK's sustainable financial industry. Our values include regulatory compliance, innovative accounting, and top-tier customer service at affordable prices.

Trust and confidentiality are the basis of our practice and fundamental to our profession. It is the basis for having clients' confidence that we will act in their best interest.
